COMPANY OVERVIEW

CodeAroma Technologies is a leading IT company that provides quality services to customers by understanding their requirements minutely. CodeAroma specializes in a wide range of IT services and business solutions, including Web Development, Mobile App Development, Software Development, and Digital Marketing. Every business, large or small, requires robust IT support and infrastructure for its data management, online presence, and much more.

CodeAroma is proud to have served some of India's most successful companies with our services for years now. We've got a team of 50+ award-winning creators, expert web inventors, and professionals who work relentlessly to provide our customers with the best service and maintain industry standards. As a full scale IT Company, we never stop until you will get 100% Satisfaction.

CLIENT'S TESTIMONIALS

Very Responsive and eager to provide end to end services like web Development, social media marketing and many more
I highly recommend this company for the IT needs to other. Thanks

Andy Arora CEO, MelbourneTaxi24Seven

I am impressed from their quick response and strong follow up
They completed our website development work before time
They have excellent team for development and always deliver quality work

Mihir Dhanesha Expertax Consulting

HEARTMIND ALIGNMENT

I just made a deal to build our website. During the project, I got time to time latest update regarding the project. Team members have done a lot of good work. I would like to take further projects with you
I wish you good luck for your upcoming goals
